## Handprint Rainbow

### Supplies needed:

- Red, orange, yellow, green, blue, and purple construction paper
- A large piece of neutral-colored paper (about 2 1/2 feet by 1 1/2 ft long), or work directly on a bulletin board
- Scissors
- A pencil and a marker
- Glue

Using the colored construction paper, have the children trace their hands. Make about 10 handprints of each of the colors of the rainbow (red, orange, yellow, green, blue, and purple).

Cut out the hand prints and put the child's name on his or her print.

Glue the handprints onto the paper (or staple on a bulletin board) in a rainbow shape. You now have a Handprint Rainbow to help you celebrate [St. Patrick's Day](#).
